## IMPORT TRADE CONTROL

New Delhi, the 20th July, 1968

SUBJECT.—Import of Prototypes.

No. 146-ITC(PN)/68.—Attention is invited to paragraph 102 in Chapter IV of the Import Trade Control Hand Book of Rules and Procedure, 1968, which lays down that applications from actual users for the import of prototypes will be considered on the basis of recommendations of the sponsoring authorities, and that such applications should be made to the licensing authorities concerned through the sponsoring authorities.

2. The position has been reviewed; and the following decisions have been taken in regard to the import of prototypes:—

- (i) Under these provisions, the applications will be considered only for the import of machinery items required as 'prototypes'.
- (ii) The applications should be made to the Chief Controller of Imports and Exports, Udyog Bhavan, New Delhi, (C.G. CELL), through the sponsoring authority concerned. The applicant should send his application to the sponsoring authority. The sponsoring authority will forward the same to the Chief Controller of Imports and Exports with its recommendations.

- (iii) The applications should be made in Form 'E', meant for machinery and capital goods.
- (iv) The import licences issued will bear a specific condition that the goods shall be used by the licensee only as a 'prototype' in his industrial undertaking, and shall not be sold or disposed of in any manner, or used for any other purpose.

**SUBJECT.—Import Policy for drugs and medicines for Established Importers for the period April 1968—March 1969.**

**No. 148-ITC(PN)/68.**—Attention is invited to the import policy for drugs and medicines as contained in Appendix 19 of Section V to the Import Trade Control Policy (Red Book, Vol. I) for the period April 1968—March 1969, as amended by the Ministry of Commerce Public Notice No. 65-ITC(PN)/68, dated the 23rd April, 1968.

2. In terms of sub-clause (iii) of Paragraph 1 of the said appendix 19, a facility has been provided to established importers to claim quota licences on the basis of the combined value of their existing quota certificates for general drugs and medicines (Consolidated) and quota certificates in respect of individual items of drugs and medicines held by them, with the exception of homoeopathic medicines and crude drugs for Ayurvedic and Unani medicines. The position in this regard has been reviewed, and it has been decided that while combining the value of existing quota certificates for this purpose, the licensing authorities will not take into account the value of quota certificates for the individual items of drugs and medicines listed in the Annexure to this Public Notice. Accordingly, sub-clause (iii) of paragraph 1 of Appendix 19 of Section V of the Import Trade Control Policy (Red Book, Vol. I) for the period April 1968—March 1969, may be deemed to have been suitably amended.

3. It may be clarified that the provision already contained in the said sub-clause (iii) of Appendix 19, viz., that, if the past imports of any item in the same basic year are included in the quota certificate for an individual item and also in the consolidated quota certificate for general drugs and medicines held by the importer, such past imports will be excluded from one of the quota certificates, will continue to be in force.

S. No.	Items
1.	(a) Antibiotics, the following namely:— (i) Chloramphenicol. (ii) Chlortetracycline. (iii) Oxytetracycline. (iv) Penicillin including Phenoxymethyl penicillin in bulk but excluding all forms of bottled penicillin and preparations. (v) Tetracycline. (b) (i) Other antibiotics n.o.s. in bulk.
